

SMART CONTOUR CUTTING PLOTTER

FEATURE

- 1 Light weight, easy to carry and save space.
- 2 Independent research and development control system, induction automatic paper feeding
- 3 300w pixel camera, can identify more then 30kinds of materials
- 4 High precision grit axes, accurate paper feeding
- 5 One-click contour extraction software, which can be learned without comptur foundation
- 6 U dish connection, easy and operate
- 7 Bluetooth and WIFI dual system, which can realize different scene operation on the machine and mobile phone
- 8 100g super-high pressure cutting

BRAND NAME	MC720CCD	MC 1350CCD
Control Panel	4.3 inch HD touch Screen	
Driver	Driver Big power step motor	
Max Cutting width	720mm	1350mm
Max Cutting Force	1000g	
Max Cutting speed	1000mm/s	
Mechanical precision	0.025mm	
Repeatable precision	<+0.025mm	
Type of plotter pen	All type diameter 11.4mm plotter pen	
plotter instruction	DM-PL/HP-GL	
Interface	USB/U disk/ Serial port	
Blade	Imported blade	
Power supply	AC220V 50-60Hz	
Power consumption	<80w	
Package size	810*300*300mm	1060*340*400mm
Gross weght	24kg	40kg
